RISE and RISE UP Professional Learning Program for Grades 1-8

Jan Richardson will guide you through the RISE and RISE UP Frameworks to **accelerate your students' reading success**. **RISE (levels C-N)** and **RISE UP (levels O-C)** provide small-group instruction in reading comprehension, word study and phonics, and guided writing for ALL students. RISE builds foundational skills while RISE UP develops comprehension strategies. Students will gain the confidence, proficiency, and skills they need to excel as readers and meet grade-level benchmarks. **Jan will teach you the implementation, delivery, and assessment practices of the RISE and RISE UP Frameworks to be applied in a virtual or face-to-face instructional context.**

JAN RICHARDSON

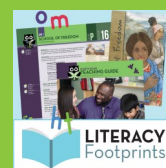

Jan has worked with many schools across the country, supporting implementation of the guided reading and intervention frameworks she developed. Jan continues to witness many students achieve accelerated growth! Jan is convinced that most reading difficulties can be addressed and even prevented through high-quality, small group and individual instruction.

RESOURCES

The Next Step Forward in Guided Reading uses an Assess-Decide-

Guide framework to support every reader as they increase proficiency in reading more complex texts.

Literacy Footprints is a guided reading system designed for classroom teachers, intervention, ELL, Special Education

teachers, and support staff who are teaching primary children to read and write.

The Next Step Forward in Reading Intervention, RISE and RISE UP resources offer an intensive, short-term targeted instructional framework for students who are English language learners, striving readers, or those who are not yet reading at grade level. Students gain the confidence, proficiency, and skills that they need to excel as readers and to exit long-term intervention.
